- ▶ About Aston University

Founded in 1895 and a University since 1966, Aston is a long established research-led University known for its world-class teaching quality and strong links to business and the professions. Professor Alec Cameron became Vice Chancellor of the University in 2016, building on a strong legacy left by the Baroness Brown of Cambridge.

Outstanding graduate employability

Aston has been a leading university for graduate employment success for over 25 years. More than 80% of Aston graduates go on to a graduate level job within six months. The majority of Aston students choose to take an integrated placement year or year abroad, making them very attractive to employers. We have strong relationships with national and international graduate employers, as well as smaller and local employers. These relationships are extremely important and make a real contribution to graduate employability.

Career focussed programmes

Aston's close and established links with business, the public sector and the professions ensure that our career focussed degree programmes are inspiring, challenging and constantly updated to equip students with essential work-related skills and experiences.

Excellence in teaching and research

We are committed to high quality teaching and academic excellence, ensuring we provide the highest standard of education to our students. Aston has an excellent reputation for research which shapes and improves lives. We're proud of the quality of our research and the real world applications developed as a result – it makes a substantial and beneficial difference to people, organisations and society.

Aston's four academic Schools offer a range of undergraduate and postgraduate degree programmes, and also work with the public and private sectors to develop tailored Foundation Degree programmes.

International

Aston University is a popular choice for international students. We recognise and welcome the important academic contribution and cultural diversity international students bring to our university environment. Students from over 120 countries study at Aston University each year

Aston University is ranked 29th in the world and 9th in the UK as one of the 'most international universities in the world.' (The Times Higher World University Ranking, 2016-17).

Birmingham – one of Europe's liveliest cities

Birmingham is internationally recognised as a leader in leisure, entertainment, shopping and sport. It is an international centre for business, commerce and industry, housing numerous UK and overseas banks and law firms. Birmingham attracts 25 million visitors each year and contributes billions to the national economy through manufacturing and engineering.

The University campus is located in the city centre making it very accessible to an extensive network of motorways and railways.

A green, sustainable campus

Located in the heart of a vibrant city, our 40 acre campus houses all the University's academic, social and accommodation facilities for our 14,355 students. All staff have the opportunity to contribute to our sustainability agenda and practices.

Welcome from Alan Charters

Dear applicant

I am delighted that you are considering applying for this position at what is a particularly exciting time for Aston University, and an incredibly challenging time for the Higher Education (HE) sector. The HE sector is currently experiencing an unprecedented scale and pace of change, combined with a high degree of ambiguity and uncertainty.

Whilst there are some 'knowns' - HEFCE funding for both teaching and capital investment has experienced dramatic reductions, the impact of the UK's new visa regime on international student numbers - there are equally important 'unknowns' - to what extent will student expectations rise as a result of the increased fees. Universities who are able to adapt swiftly to a changing and increasingly competitive market will thrive.

Aston is well positioned for the future. Our vision 'Employable Graduates; Exploitable Research' not only inspires and motivates students, but speaks to business and governments, who will increasingly look to Aston for ideas and partnership.

I look forward to receiving your application, and learning more about how you feel you can contribute to Aston's continuing success.

► Estates and Capital Development

The Estates mission statement is “To deliver and maintain a sustainable campus and infrastructure that enhances the student experience and provides high quality accommodation and space that is accessible, efficient, flexible and responsive to the needs of all our customers.”

Over the past few years the University has embarked on an aggressive ten year campus redevelopment plan which includes new builds, demolitions as well as major refurbishments in order to ensure that Aston University adapts to the ever changing environment it operates in and deliver its 2020 objectives.

Led by the Director of Estates & Capital Development Ian Oldacre Estates are responsible for delivering the redevelopment program as well as the day to day maintenance of the campus.

The department is made up of a number of specialist teams and covers a wide range of disciplines, below is a brief summary of each team.

Space and Capital Projects – headed up by the Head of Space Strategy & Refurbishments Claire Evans, manage all the small to medium sized capital projects on campus, delivering cost effective, efficient, accessible and aesthetically motivational learning & working environments, considerate of all users, their needs and enhancing the University experience. The section also includes a dedicated Space Management Team responsible for ensuring all current and future spaces are designed in line with University policy and best practice. In addition, the team manages the record drawings and space management database, containing details on all space uses and occupiers, for the entire property portfolio.

The Head of Estates Facilities & Resources is responsible for all the soft services within Estates which include cleaning of the campus both inside and out, provide a porters service who amongst other things assist in office moves and room set up for lectures and exams etc. In addition there is a dedicated help desk team who answer calls from internal users reporting issues on the campus and logging them using a specialist software package. The Central Teaching Operations Team are in charge of the annual and on-going scheduling of central teaching space. They work closely with all areas of

the University to ensure everyone has access to this central resource and a fair allocation is made. The team also works closely with the Student Union to ensure societies are also able to use this resource as well as Conference Aston, in the provision of campus accommodation for summer schools and conferences. The team hire out teaching accommodation to external organisations and work with areas of the community to ensure their events run smoothly.

Engineering – headed up by the Estates Maintenance Manager who ensures that the site infrastructure is maintained and developed to ensure maximum efficiency and availability; this includes a District Heating System and Private High Voltage and Water Distribution Systems. The team includes Electrical Engineering and Building Services specialists. Heating and Ventilation systems are controlled by two Building Energy Management Systems.

In addition day to day maintenance of buildings and services are maintained through a dedicated maintenance team including Electrical and Mechanical tradesman, Carpenters and Decorators. The team provides a reactive and planned maintenance service, all of which is coordinated by specialist supervisors.

The Environment is at the forefront of everything we do at Aston and we have a dedicated Environmental & Sustainability team who are actively seeking to reduce energy emissions and improve our carbon footprint year on year. Aston aspires to maintain an exemplar role in this area within the higher education and local community and is proud to have maintained an impressive first class position in the People & Planet Green League since 2010.

Safety is coordinated by a dedicated Health and Safety advisor within the Estates team ensuring compliance with all relevant statutory requirements.

Gardens and Ground are maintained to a high standard by a specialist team who report directly to the Maintenance Officer.
