ASTON LAW

Aston Law is a separate Group within Aston Business School and has its own distinctive identity. The Aston lawyers are a small and friendly group who are mutually supportive and positive in their outlook. The group includes early career researchers as well as more experienced academic lawyers. All are committed to the further development of Aston Law. It is an exciting time to be joining this team and contributing to its future.

As part of a leading-edge European Business School, we expect our staff to be research active and to reflect their research in their teaching. Members of the Aston Law team contribute to teaching of LLB, GDL, LLM programmes and law modules on a range of BSc, MSc and MBA programmes within the Business School. The team is also committed to providing the very highest quality student experience and support for career development of Aston Law students.

We welcome applications from those who are able to offer Commercial Law and consider that they meet the person specification. We would expect the appointee to be able to contribute to teaching and research in domestic and international sales law and we particularly welcome applications from those able to provide support for LLB students taking accountancy modules as part of their degree programme. The successful applicant will be expected to take up their post on 1 September 2012, or as soon as possible thereafter.

For informal discussions concerning this post, please contact Professor Jill Poole, Tel: 0121 204 3223, email: j.poole@aston.ac.uk
